5. 해당 화면에서 정보를 입력하고 'Confirm Minting' 버튼을 눌러 메타마스크를 통해 민팅하기

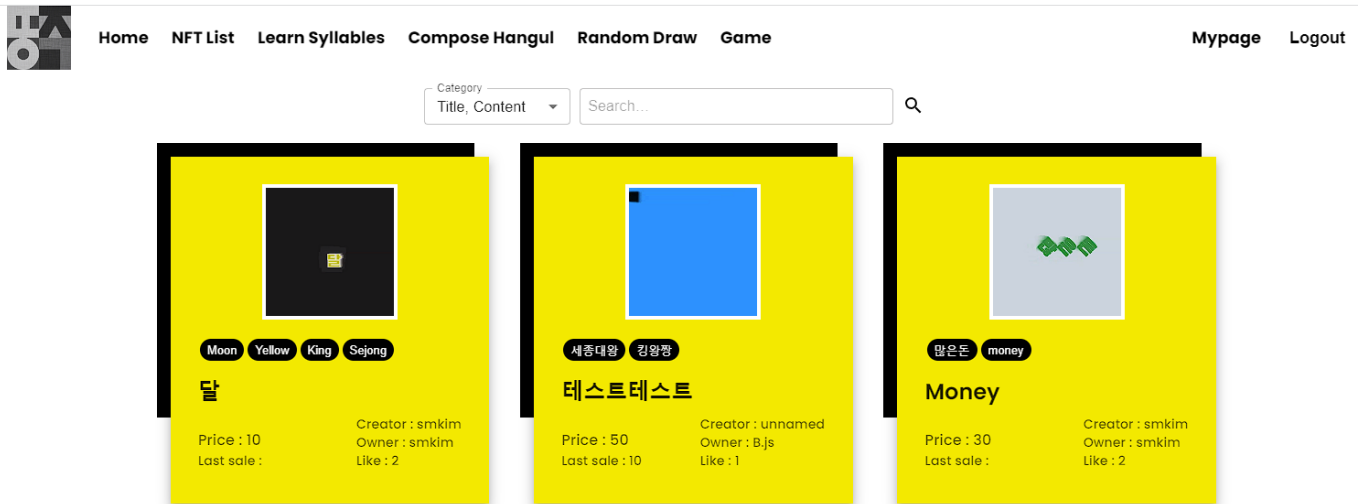

The screenshot shows the 'Compose Hangul' page in a web application. The top navigation bar includes 'Home', 'NFT List', 'Learn Syllables', 'Compose Hangul', 'Random Draw', and 'Game'. On the right, there are links for 'Mypage' and 'Logout'. The main content area features a large green square with the Korean text '제이슨' (Jason) in a stylized, glowing font. Below this, there are input fields for 'Title' (containing 'Jason') and 'Description' (containing 'My first NFT'). A 'Tags' section shows '제이슨', 'first', and 'jason' as selected tags, with a 'Press enter' prompt. At the bottom, there is a purple button labeled 'CONFIRM MINTING' with a Bitcoin icon.

6. 마이페이지로 이동하여 해당 NFT 판매 등록하기

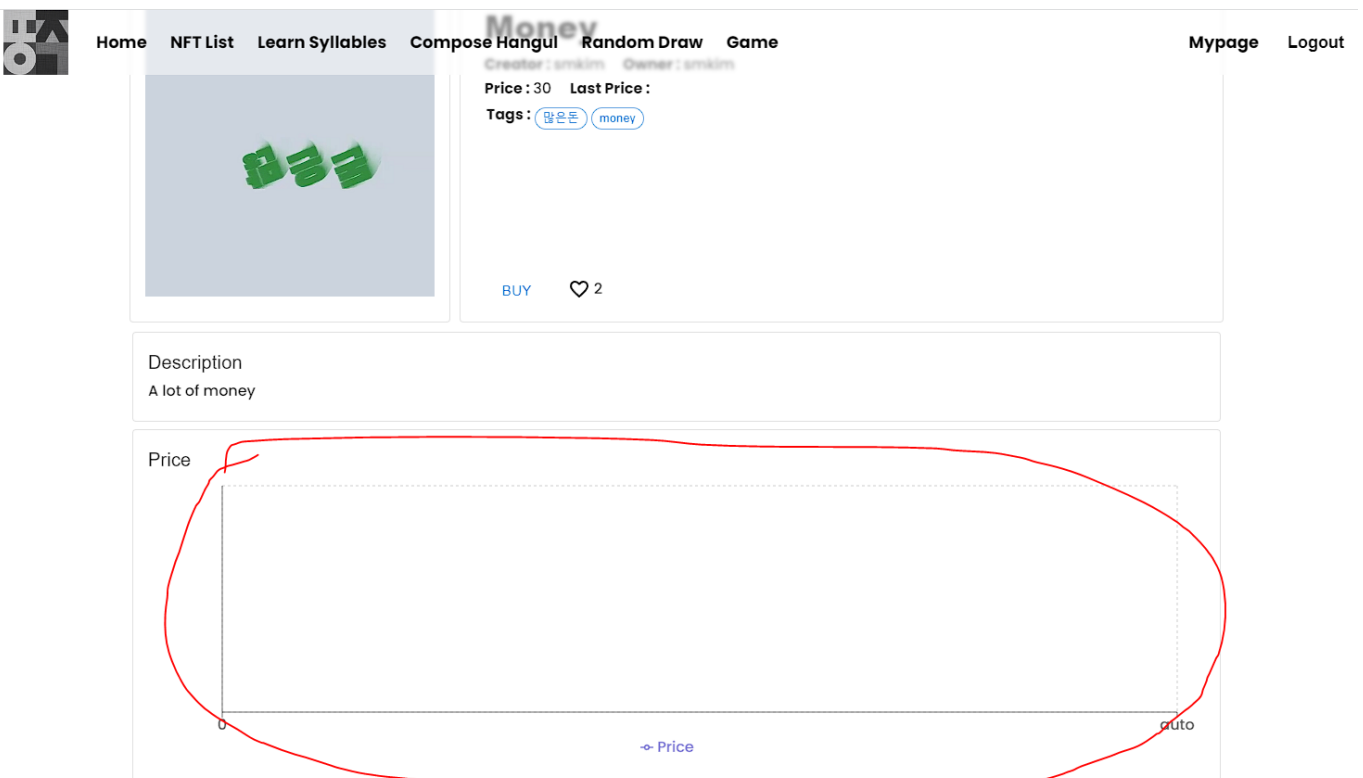

The screenshot shows the 'Bieber' NFT page. The background is dark gray. On the left, there is a blue square with the Korean text '제이슨' (Jason) in a stylized, glowing font. Below this, there is a 'Description' field containing 'Justin Bieber is 또또' and a 'Price' field. On the right, there is a white modal window titled 'Sell your Item'. Inside the modal, there is a 'Set Price' button, a 'Price' input field, and a 'Coin' dropdown menu set to 'SSF'. At the bottom of the modal, there is a blue button labeled 'COMPLETE LISTING'.

Consonants
Based on five basic consonants modeled after the shape of the pronunciation organ (ㄱ, ㅋ, ㆁ, ㆁ, ㆁ), these were created by adding strokes or overlapping the same consonants.

Vowels
Vowel letters are based on sky, earth and man. 'ㅏ' symbolizes the round shape of the sky, 'ㅓ' symbolizes the flat shape of the earth, and 'ㅣ' the shape of a person standing upright.

Inventory

| Letter | Quantity | Letter | Quantity |
|------------------|----------|------------------|----------|
| 기역 [kij.ɰk] | 30 | 쌍기역 [s'angij.ɰk] | 30 |
| 기역시옷 [kij.ɰk]iot | 30 | 니은 [niwɰn] | 30 |
